Ductile Iron Rail

For PRO-PLUS® 200 W/ PRO-SNAP® Securement

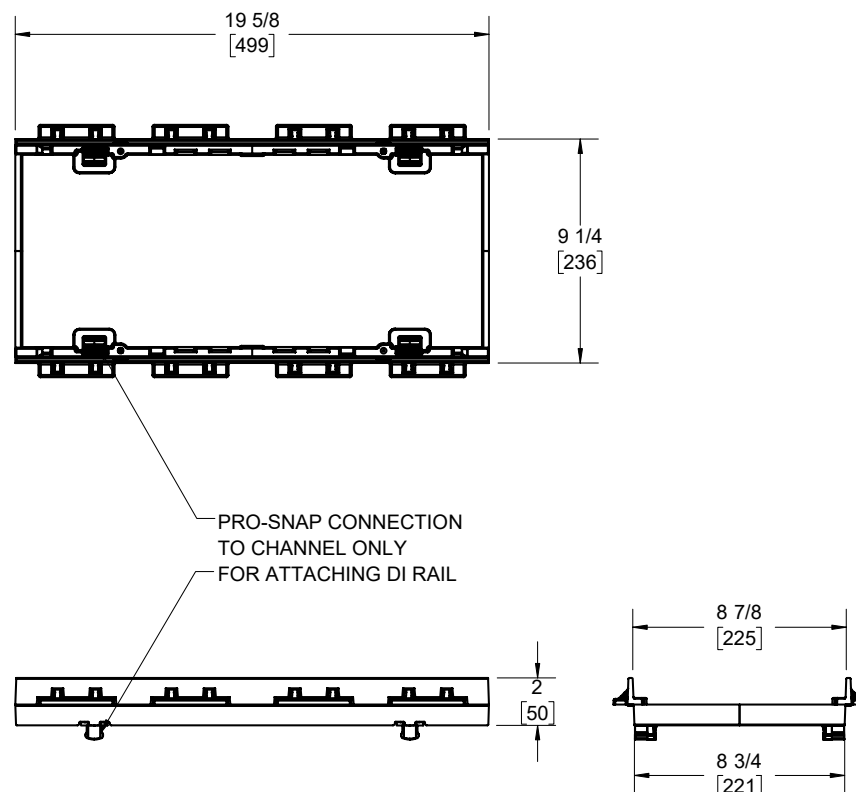

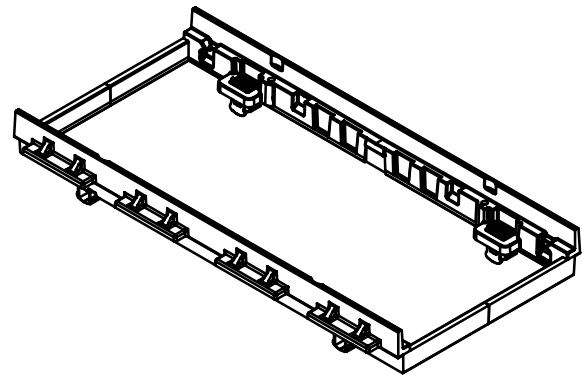

Specification

Josam epoxy-coated ductile iron grate used to provide iron edge for PRO-PLUS® 200 size channels with concrete anchors and PRO-SNAP® connections attached.

Accepts 1/2 meter grates (non-PRO-SNAP®).

Note: This ductile iron rail will not accept PRO-SNAP® grates.

Locking bar and bolt down are the only securing methods.

Josam product specifications in U.S. customary units are approximate and provided for reference only. For precise measurements, please contact Josam Technical Support. Josam reserves the right to change or modify product design, construction, specifications, or materials without prior notice and without incurring any obligation to make such changes and modifications on Josam products previously or subsequently sold.

Notes:
